The small conference in 205 is free. I don't think there is a projection screen but there is a wall. We can set up that room however we want.

We would have probably have 10-12 people there.

The state wants to do Thursday, the 25th now instead of the Friday, the 26th. That is good with me (and my preference!)

Problem is it looks like that small VTC DESA conference room is booked 1-3 for some mentoring video conference connection with NY. That is room 5108.

Any idea if there is another room that can work?

All, many emails flying around here. Appears that the 26th may not be good for some. Can the 25th work? Please confirm

Ok – So John W is good for Thursday 1/25 too?? Ideally, we need all 3 at this meeting involving EPA's modelling team. Just let me know when meeting date is finalized so I can tell Lori and Sandra to hold the date. Thanks!

Jay – Before we move too fast on finalizing the meeting date.... Neither Lori nor Sandra are easily available for Friday, Jan 26th. I'd really like to accommodate them for this very technical meeting. I realize you have a dental appointment scheduled for that day. Is John W. potentially available for either day? Can either Anthony or Gwen attend in your place if we have the meeting 1/25? We can discuss tomorrow. Thanks, Anne

Hi, Anne!

Friday the 26th would be rather tough for me. Thursday, the 25th would be much better.

Let us know what you think. Thanks!

Hi Anne,

Unfortunately, I'm unavailable on that Friday (1/26), but I could do any time on Thursday (1/25).

Thanks,
Lori

Sandra and Lori – Please see note below from EPA – are you available for such a meeting? Jay Nickerson is not good for 1/25.... But if 1/26 does not work for most, we are still looking at both dates. A.

Thank you for the update Jay.

Our schedules are filling up for the rest of the month and into February as we prepare for the CSTAG meeting so I would like to get a date held on our calendars. This meeting would be to discuss some of the more technical questions and topics and we would plan on having our modelers, Ed and James there to assist with that discussion.

Would your technical team be available Thursday, January 25th or Friday, January 26th for such a meeting in our Edison office?

Jen

Hello Jennifer, DEP team is scheduled to have meeting with our Assistant Commissioner on January 11th regarding CPG's IRM. Obviously, it will be after that date. I will do some inquiries, and if I find out anything more, I will keep you informed. Thanks Jay

Jay,

Could you give me a sense of when NJDEP will provide us with comments on the CPG's interim remedy proposal. My understanding is that we were going to use that write up to guide a more technical meeting we would have with you and the partner agencies and our modeling contractors.

Hope you're staying warm today!

- Jen
